

This is optional and does not replace the nomination form entirely. Please keep videos to **2 minutes** in length and answer the same questions as the nomination form.

Please also include any supplemental documentation about the nominee that would be helpful.

Click the **“APPLY HERE”** to begin filling out the online form.

After a series of pages and questions, you will receive a page (See Right Image) where you will have the opportunity to Drag and Drop your video files for submission.

OPTION 1 - Upload:

Accepted Video Formats:

OPTION 2 - Link:

The lower box allows you to share your video with a link to YouTube or Vimeo. Please make the video public to ensure the board can view the video submission.

If you have supplemental information about the product or its sustainability features you would like to include, you can upload it below.

Drop files or click here to upload

Video nominations can be uploaded here (or a link shared below).

The best video file format changes depending on the device and browser. If you are unsure what file type is the best for your situation, we recommend posting your video to YouTube or Vimeo and using the sharing features to share the link with us. (There is a space for you link below)

Tip: You cannot insert a Private YouTube video. If you would like to host your video on YouTube but not have it appear in search results, upload it as Unlisted instead. If you cannot use YouTube, we recommend saving your video in file format such as MP4, MOV, and WMV.
